lected as substitutes to accompany the
regular nine to Phoenix tomorrow to
take part in the normal game, but this
loquacious remark was tabooed from
the fact that the game tomorrow is
too serious a thing to joke about.
The game by the girls will probably
be limited to five innings from the fact
that the players will not be allowed to
give their yells while on the field and
it is not known whether eighteen can
be picked from among the number who
can be made to obey the rules as to
rooting for longer than five innings.
The bases will be shortened and the
pitchers will not be made to throw the
regular distance.

Immediately preceding the base-
ball game will be a basketball game
between the M. I. A. team and the
normal. The arrangements were prac-
tically completed for the event yester-
day afternoon. John DeKes and Victor
Care have been selected as umpires
and Hackett of the Evans school as
referee. The game will be called
promptly at 4 o'clock and a slight ad-
mission will be charged.

UNREQUITED LOVE CAUSES DISTURBANCE

Young Woman Wants Her Admirer
Put Under Restraint.

Antonia Espinosa, a domestic em-
ployed at the Dr. Palmer home, ap-
peared before Justice Irwin yesterday
morning and swore out a complaint
against Enrique Montague, charging
that he had threatened her life and she
desired to have the aforesaid Enrique
attached to some kind of a paper so
that he would make a noise like a log
chain dragging through the mud every
time he approached her, so that she
would have time to get out of his road.

From the story of the case told to
Justice Irwin it appears that the two
have been sweethearts for a long time
in fact for too long a time. Enrique,
the defendant in the case, is said to
be a hard working man but inclined
to being a little jealous. According to
the evidence it seems that Antonia in
doing some task around the yard
where she is employed secured the
services of a young man of her own
nationality to assist her or that she

Sealed proposals addressed to the
Board of Control of the Territory of
Arizona at Phoenix, Arizona, and en-
dorsed "Proposals for the Construction
of a Territorial Highway between the
Towns of Roosevelt and Globe in the
County of Gila, Territory of Arizona"
will be received by the Secretary of
said Board in the Capitol Building at
Phoenix, Arizona, until two (2) o'clock
local time in the afternoon of Wednes-
day, the sixth day of April, 1910, and
will be opened by said Board at the
above place and time and thereafter

had her employer do so. At any rate as
Enrique passed the house he saw An-
tonia and the young man talking and
he immediately flew into a rage and
began to talk of doing things to the
landscape generally that gave the inno-
cent young man fright. Being a man
of prudence he took to his heels and
has not been heard from up to the
present writing, but his absence does
not have particular bearing on the
case. After the departure of the of-
fending cause it is said that Enrique
began a general crusade against wom-
ankind in general and ended up with
an intimation that there was liable to
be a few strange facts in the great be-
yond before a great many days.

OAK SALOON AND MESA GARAGE CHANGE HANDS

A deal was consummated yesterday
whereby W. A. Kimball has disposed
of his interests in the Mesa garage to
Will Wescott, who has been a resident
of the valley for the past few months,
coming here from Neodesha, Kansas.
The present owners and proprietor of
the Mesa garage dating from today will
be C. E. Hengerty and Mr. Wescott.
No material changes are announced and
it is presumed that the affairs of the
garage will be conducted in about the
same manner as before.

Mr. Kimball after disposing of his
interest in the garage purchased a half
interest in the Oak saloon from W. N.
Steverson, who has been the sole own-
er and proprietor for the past year or
more. The new firm will be known
under the firm name of Steverson &
Kimball, and the first county license
was taken out under the new name
yesterday.

NEW RESIDENT IN VALLEY.
W. R. Clement has left for his old
home at Moscow, Idaho, and will pro-
ceed to sell off all his holdings at that
place and return to the valley. It is
said that he will be remembered that Mr.
Clement has already invested quite
heavily in this section in the Salt River
valley stock farm proposition, but at
the time that that information was given
out it was not decided whether Mr.
Clement would make this his home or
not. However, after investigating into
conditions carefully the above decision
has been made by Mr. Clement. A
carload of two of horses and mules
will be brought down from Idaho by
Mr. Clement. The real significance of
the item of Mr. Clement's return is that
he is a man of considerable means and
it is anticipated that he will increase
the amount of invested capital
throughout this section.

WATER WILL BE IN MESA CANAL TODAY.

The information was given out yester-
day by one of the directors of the
Mesa canal company that without
some unforeseen obstacle arising that
water would be turned into the canal
sometime today. There is a bare possi-
bility that the gates might have been
opened early this morning.
A large force of men have been kept
at work repairing the canal since last
Sunday morning and every place where
there was room for a man to work has
been occupied. The real work of re-
pair commenced Monday morning and
it was given out at a late hour last
night that everything would be in
shape by daylight this morning. Water
will be turned in immediately and a
head as large as the ranchers can take
care of. This was a promise made by
Mr. Reed preceding and after the wa-
ter had been shut out, that the canals
would be filled to their capacity.

PLANS FOR OLD FOLKS' DAY.

The committee of which L. V. Guthrie
is chairman, met Wednesday evening
and decided upon a plan for ob-
serving Old Folks' day in Mesa, which
will be held on April 29. It will be re-
membered that a general resume of
the objects and purposes of this in-
ternational custom among the Latter Day
Saints was given in a recent issue of
The Republican. The old folks of every
church, or whether they are affiliated
with any church, have always been
made welcome at these dinners, served
free of cost. The only requirement
that has ever been expressed is that
be eligible to one of these dinners,
which are of annual occurrence, is that
of having lived fifty years.

HAS PURCHASED STOCK AND FIXTURES.

C. C. Bullock has a letter from T. M.
Bates, who left for the east some time
ago, to the effect that he had succeed-
ed in buying in one of the nearest lot
of fixtures that he has ever seen for
the new Popular, which will be opened to
the public sometime this month in the
building now occupied by the Wil-
liams pool hall. The stock of goods as
well as the fixtures were purchased
nearly entirely in Chicago and it was
not thought by Mr. Bullock that Mr.
Bates would have to go to New York
to finish the buying.

HAS TRADED RANCH.

Henry Manz, the well known rancher,
who has been a resident of the Lehi
section for the past two years, coming
here from Bisbee, has traded his twenty-
acre ranch to a Mr. Lamson for an
eighty-acre tract south of Phoenix. Mr.
Manz moved with his family to Mesa
yesterday and will reside here until his
property is completed on his new prop-
erty. Mr. Lamson and family moved
into the Manz residence in Lehi yester-
day.

NEWS NOTES.

Thomas Buchanan of Desert Wells
was a Phoenix visitor Thursday.
J. Beal, who was the first man to
make a homestead entry in the Higley
district, has made the necessary com-
munication proof on his land.

Mrs. W. A. Barkley and son Willie,
have returned to Desert Wells after
several days spent in visiting friends in
the vicinity of Mesa.
J. F. Martin has recently arrived in
the city from Bisbee, where he was en-
gaged in the jewelry business, and will
remain here for a month or two.

Mrs. J. L. Anderson has been quite
ill for the last few days with an attack
of heart trouble at her home southeast
of town.

preliminary to what is going to hap-
pen tomorrow. Tempe has planned to
turn out en masse and the indica-
tions are that the game will be wit-
nessed by one of the largest crowds
that ever saw a base ball game at the
park.

THE NIGHT SCHOOL.
Merely because nothing regarding
the night school has appeared in print
lately, the public should not take it for
granted that this institution has fallen
by the wayside. On the contrary, in-
terest is constantly growing and new
members are added to the institution
from time to time. Splendid quarters
have been fitted up in the Andre
building and the school is accomplish-
ing much good work.

HE LOOKED TOO YOUNG.
A good joke is going the rounds on
Dave Curran, bartender at the Tempe
house. He spent the day in Phoenix
yesterday and while there had his mis-
chievous shenanigans. Subsequently events
illustrate nicely the vigilance of Phoenix
saloonkeepers for Mr. Curran found it
impossible to quench his
thirst anywhere in Phoenix with any-
thing stronger than water owing to
his youthful appearance. Phoenix
bar men are taking no chances these
days.

BACK FROM LOS ANGELES.
W. J. Kingsbury returned yesterday
from a business trip of a week in Los
Angeles. He reports a genuine can in
that vicinity which was much needed.

SERIOUSLY INJURED.
George Awrey met with a painful
and what may be serious accident
at the M. & P. freight depot yester-
day. While unloading freight, he fell
and struck his side on the edge of the
tracks. His injuries were sufficiently
serious to necessitate the services
of a physician and what the outcome
may be can not now be determined.

HIGH SCHOOL DEBATE.
The boys are now ready to tell you
something about "Woman's Suffrage."
The best debater will receive a silver
medal at Goodwin's opera house
March 31 at 8 p. m. "Resolved, that
the right of citizens of the United
States to vote shall not be denied or
abridged by the United States on ac-
count of sex." Affirmative, S. Mon-
roe and A. P. Woodcock; L. Brooks and
J. Goodwin; judges, President A. J.
Matthews, Dr. Bollen and Professor
Fields.

NEWS NOTES.

The river was past fording all day
yesterday.
One ring will hereafter call central
and the ring on all phones that were
formerly one will now be two.
This is a new rule put into effect to-
day by the local company. On party
lines all calls should be given to cen-
tral, rather than to the party desired,
and A. P. Woodcock have arranged
for another dance, on the 8th of
April. The list of prizes will be an-
nounced later.

There will be the usual moving pic-
tures at the opera house tomorrow
evening.
April first, April Fool's day.
F. H. Simmons spent yesterday in
Phoenix gathering date pollen.
The Epworth League of the M. E.
Church, South, will hold a snow ball
festival on the 13th of May. The
place will be announced later.

The Woman's Circle of the
Baptist church will meet at the church
this afternoon at 3 o'clock.

There is a Difference

Scott's Emulsion is the original
Emulsion of Cod Liver Oil and has
been the world's standard for 35
years.

There are thousands of so-called
Emulsions, but they are cheap,
worthless imitations and never half
as good as the standard. They are
like this milk.

Scott's Emulsion
is like thick, rich cream. It is a
concentrated food-medicine of the
most beneficial sort. You can make
it thin with milk or water, but don't
buy the thin, worthless imitations.

SERVING ICE CREAM.

It is not so much what one serves
at luncheon as the manner in which
it is served. It is always possible to
serve ice cream in a dainty manner.
Use either a small hemstitched linen
cloth about six inches square or fold
a fine napkin square and place on it
the dish of cream, two wafers, silver
spoon and glass. Tompkins and
orange sherbet make a good combina-
tion. A long-stemmed flower is best,
as the guest can wear it.

For Your Hair

Here Are Facts We Want
You to Prove at Our Risk

Marvelous as it may seem, Rexall
"23" Hair Tonic has grown hair on
heads that were once bald, or caused
it is understood that in none of these
cases were the hair roots dead nor had
the scalp taken on a glazed, shiny ap-
pearance.

When the roots of the hair are en-
tirely dead and the pores of the scalp
are glazed over, we do not believe that
anything can restore hair growth.
When Rexall "23" Hair Tonic will do
as above stated, it is not strange that
we have such great faith in it and that
we claim it will prevent baldness when
used in time. It acts scientifically, de-
stroying the germs which are usually
responsible for baldness. It penetrates
to the roots of the hair, stimulating
and nourishing them. It is a most
pleasant toilet necessity, is delicately
perfumed and will not gum nor perma-
nently stain the hair.

We want you to get a bottle of
Rexall "23" Hair Tonic and use it as
directed. If it does not relieve scalp
irritation, remove dandruff, prevent
the hair from falling out and promote
an increased growth of hair and in
every way give entire satisfaction,
simply come back and tell us and
without question or formality we will
send back to you every penny you paid
us for it.

We lend our endorsement to Rexall
"23" Hair Tonic and sell it on this
guarantee, because we believe it is the
best hair tonic ever discovered. It
comes in two sizes, prices 50 cents and
\$1.00. Remember you can obtain it

**Comfort and
Entertainment**
When you go out for your entertainment you usually
leave your comfort at home. If you knew that you
could combine all the comforts of your home with all
the entertainment you derive from the Opera, concert,
theatre or vaudeville, how often would you go out?

**the EDISON
Phonograph**

In your home supplies better and more varied entertainment than
you could get if you went to a show or a concert every night in the
week. You don't sit on an uncomfortable theatre seat and think
how you could enjoy yourself if you were comfortable. You
are comfortable, and you do enjoy it—every minute of it.

With the Edison Phonograph it's just like having
your own theatre, your own Opera company, your own
orchestra and band right in your home.
